

Milk Carton Hot Dogs Instructions

1. Each two girls will require a 1L milk carton
2. Cut off the top pointy end.
3. Place a thawed hotdog in a bun.
4. Wrap the hotdog in heavy duty foil.
5. Place two wrapped hot dogs in the milk carton.
6. Tear the top 5 cm of the milk carton into strips so it will be easier to light.
7. Using long matches is advised (or a candle) instead of a lighter as the cold may impact the lighter. Light the top strips of the milk carton.
8. As it burns down, it will heat the hotdog within.
